For outstanding support to the United States Military Observer Group – Washington's Anti-Terrorism/Force Protection Pre-Deployment Training Course for US Armed Forces Officers deploying to United Nations Missions worldwide. The training provided at Winchester Virginia by your organization set the conditions for success for our US Military Observers. Your thoroughness and commitment to excellence were essential to the training of officers from the US Army, Navy, Air Force, Marine Corps and Coast Guard deploying to United Nations Missions in Haiti, Liberia, Ethiopia, Israel, Egypt, and the Republic of Georgia. Your selfless service and dedication to duty are significant in the Global War on Terrorism and is greatly appreciated.
